

Rubin Pro

The Rubin Pro is a security safe certified to EN 1143-1 Grade 3, built to protect cash, jewellery and high-value stock in jewellers, retailers and commercial premises. The range runs from 42 to 734 litres across thirteen sizes, including wardrobe-height models for bulkier valuables. Every Rubin Pro is certified to EN 1143-1, the European standard for the burglary resistance of safes, and each grade is verified by testing. Grade 3 is specified where the value held justifies substantially more resistance than an entry-level safe.

CERTIFICATIONS

Burglary Grade III (EN 1143-1), tested by VdS Germany

Fire 30 minutes optional, manufacturer-tested
